Company history/background

A residence (since 2005) for the elderly, with about 80 places for permanent stay, and about 28 day center places, with all services for the care of its residents with capacity for up to 50.

The residence is operated by a limited company, which in turn owns a public limited company that owns the residence building.

Healthcare Services

Assessment services

Treatment of neurological conditions

Rehabilitation, physiotherapy and psychomotor services

Animation services

Social education services

Unique selling points

It is a charming residence, very well managed, suitable for permanent, day, or temporary stays.

There is an expansion project to bring the number of stalls to 96.

The adjacent land/property (6,500m²) is currently leased with an option to buy, and has a preliminary plan for substantial expansion.

Other
