Company history/background

- A company specializing in services such as IT infrastructure, managed services, cloud, mobility, cybersecurity,

digitization of processes, strategy, DevOps (IaC, programmable infrastructure),...

- Active in the corporate segment of the market with from 250 seats to several thousand.
- Preferably located in the region of Antwerp, Flemish Brabant, Walloon Brabant, or East Flanders
- > 20 employees
- Profitable
- A major French specialist in IT infrastructure and operations active in various countries, including Belgium
- The group has a turnover of 140 million euros and employs 1,400 people.
- Her clients include larger companies, including a significant portion of the CAC-400 and global market leaders.

The rapidly growing company has retained its SME hands-on mentality, with short decision-making lines and room for initiative in the various countries.

Unique selling points

The acquirer offers

- A correct valuation for the company
- Opportunities and synergies for the company to grow further. If desired, this can be done together with the current owner(s).
