Company history/background

Family business started in 2006.

Was initially continuously active in paving and minor road repairs. Subsequently also active in sewerage works and utility lines.

- road and sewerage works (class 3, category C)

- installation of utility lines (class 3, category C6/ class 1, category C2)
- various earthworks
- paving works, both private and contracting authority
- interventions for listed activities (earthworks)

Unique selling points

Better margins are achievable in the sector, as long as one follows current publications/tenders.

Business with a solid foundation of clients, staff, and equipment. Growth potential is certainly present (according to wishes, of course). Currently has a great 3.5-year contract with a government agency.

Other

If desired, the pipeline can be pulled by us over a certain period to begin with.

Specific skills and experience are a major plus for the prospective buyer.
