Company history/background

Relocation and immigration services company based in Mallorca, with more than 23 years of experience supporting European clients moving to Spain. The company has structured digital processes, an established brand and stable international demand. The sale is planned as part of a strategic succession process, with the aim of ensuring business continuity and facilitating future growth.

The company provides relocation, immigration and practical advisory services to European clients wishing to settle in Spain, with a special focus on Mallorca. Thanks to its extensive experience, digital presence and market reputation, it holds a strong position within an international niche with consistent demand.

Unique selling points

- Established relocation services brand focused on Mallorca, with more than 23 years of market presence
- Strong digital positioning and international client base
- High-demand niche with limited direct competition
- Structured and scalable service processes
- Location-independent business model
- Excellent reputation and recurring client referrals

Other

An experienced entrepreneur, strategic buyer or investor is sought to acquire and further develop an established relocation and immigration services company focused on Mallorca. The business is suitable both for direct operational management and for strategic integration into an existing service portfolio. A structured transition and handover support are available to ensure operational continuity.
